Dear Aspirants,

I V R Venkatadri the CEO of Heritage Institute of Hotel & Tourism, IHM Agra former principal of IHM Bengaluru and a Certified Hospitality Educator and Certified Hospitality Administrator of American Hotel & Lodging Educational Institution, America, with his 40 years of expertise and experience of managing various Hotel Management Institute in India, who has mentored many students proficiently in inculcating skills and attitude required to excel in hospitality Industry, heads the operation and academics of Institution and is responsible for overall management, curriculum development, effective delivery, assessment and completion of course, would like to extend my heartfelt best wishes to you and welcome to one of the best Hotel Management institution of India.

Every year tourism and related hospitality industries are continuously growing day by day. With the increase in both leisure and business travel, comes the need for additional hotels, various other types of accommodation establishments and restaurants.

Due to globalization, there has been an increase in the number as well as the variety of these establishments. Hotels come in many forms- the super-luxury to the internationally branded hotels, budget hotels and resorts.

And who will develop, launch and run these businesses? Who will make sure that each customer receives the quality product and high level service that they have purchased? Why not you? The growth projected for world tourism anticipates not only the creation of millions of jobs but also an acute shortage of well-educated, trained and skilled professionals with the experience and "can-do" attitude to make things happen.

In a world of growing completion, it is important to understand that the only way you could stay ahead of your peers is by having a thorough grip on the knowledge of your subject.

To train our students as Industry leaders, we have highly qualified professional faculty members and latest equipment and gadgets which keep them updated and confident at all times during the course of their studies at HIHT. They are trained to be innovative and trend setters in the Industry.

HIHT has a proud tradition of preparing students from all over the nation for these opportunities. Students from almost every state work together and learn from each other too, reverence for the best hospitality traditions, our passion for excellence and our devotion to develop the leadership skills of our students keeps us at the top for hotel and hospitality schools nation-wide.

Once again I welcome students from all the states to join HIHT Agra, and experience the love and warmth of the place, for which this city is famous.

Love and Best Wishes..!
